Sened Organization is pleased to present to you its annual report for the year 2023, which reflects our continuing efforts and commitment to providing support and assistance to individuals in need in Syria and Türkiye. Sened Organization was established with the aim of providing humanitarian and development support to communities affected by crises and conflicts, and meeting the basic needs of vulnerable and marginalized groups.

## About Sened

Sened is a non-governmental, non-profit organization founded in 2013 and registered in Türkiye (No.: 175-15-27).

- The Syrian catastrophe led to critical situations for civilians who suffered due to factors such as displacement, repression, and human rights violations (including explosions, warplane bombing, and siege).
- Sened Organization was established in response to the urgent needs of millions of afflicted Syrians in Syria and Türkiye.
- Later, our projects in Türkiye expanded to include support for the host community and Syrians alike.
- Our work extends across various sectors of humanitarian work, with a particular focus on advocating for the rights and well-being of people with disabilities, their families and the community.

## A word from the Chairman

Sened, since its establishment in 2013, it has made every effort to achieve its goals of serving the community through educational, health, protection, shelter, and support programs for small projects, etc. Sened's team, donors, volunteers, and employees played a major role in the success of its work, with their diligence, sincerity, faith, and love of providing goodness to people.

In Sened, we are still improving our performance, developing our methods, and expanding the scope of our services, hoping for Allah's success.

The recent devastating earthquake in Türkiye and Syria had a harsh and long-lasting impact on the lives of those affected in general, and on people with disabilities in particular, which prompted us in Sened to quickly form a crisis and emergency response cell in both Türkiye and Syria shortly after the earthquake and within only five days, to meet and support the cases in the earthquake zones are within multiple scopes, which called for empowerment and assistance projects in northern Syria, and in many states of southern Türkiye.

The available aid may not meet the needs of those affected, no matter how many or frequent, because the disaster was greater. But making the maximum effort, and working with love, sincerity and responsibility, can contribute to alleviating the severity of the tragedy.

M.SAEED NAHHAS  
Chairman of the Board

## Our Values

- Transparency, Justice, Integrity, and Accountability.
- Appreciation of Workers' Efforts.
- Cooperation and Team Spirit.
- Humanitarian Commitment.
- Solidarity and Compassion.

## Vision

Leadership in bringing about positive and tangible change in society aimed at achieving a decent life for its members, especially for people with disabilities.

## Mission

Empowering and supporting local and host communities to achieve sustainable development within an inspiring and stimulating environment that uses the best human and technical resources, with special attention to persons with disabilities.

## Earthquake response:

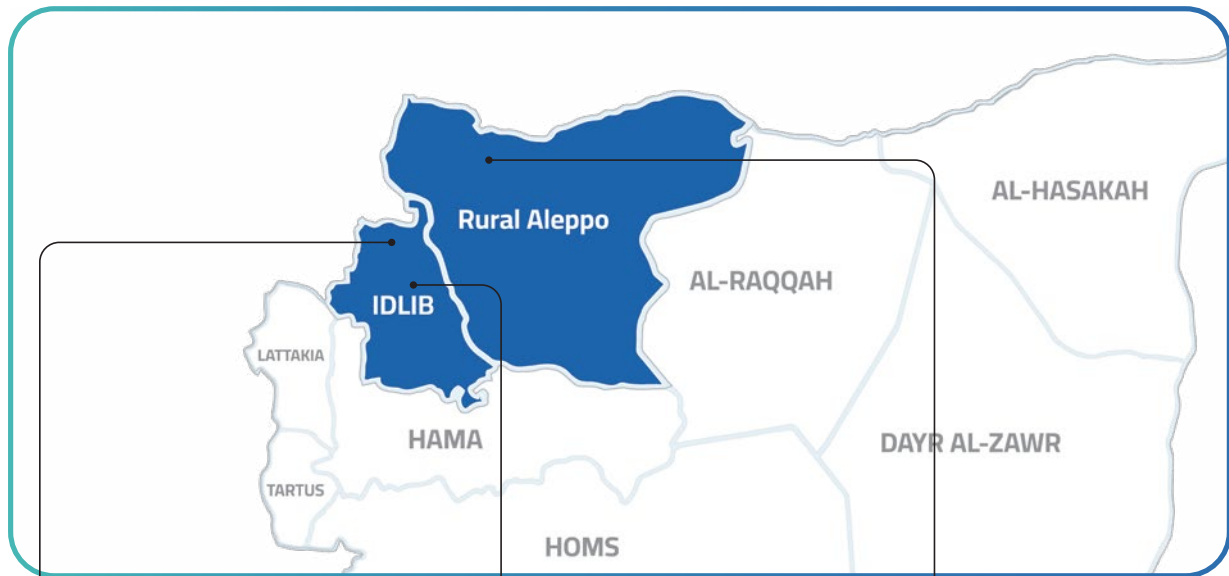

Since the February 6, 2023 earthquake that struck central Türkiye and northwestern Syria, our organization immediately provided effective support to affected Syrians and Turks in both countries. During the first days of the earthquake, Sened established emergency response centers in Syria and Turkey. Our initiatives and response included: life-saving assistance, protection activities, health care services, shelter and food provision, and cash assistance projects.

# Working Sectors

## Sened offices in Syria

### Kafr Takharim

Kafr Takharim - Al-Ruwais Neighborhood - Nasser Gibbs' house. Next to my Al-akhy's pool.

 Kafr Takharim  
Location

### Kafr Yahmoul

Kafr Yahmoul - Southern District, Maarat Misrin Road, 100 meters after Samer Car Wash. Towards the south, Qusay Hussein Abu Tamim's house. building no "H02 186".

 Kafr Yahmoul  
Location
